Insulation

Attention: James R. Endler

Gentlemen:

Reference is made to your letter dated March 26, 1970 to the attention of our Mr. Salvadore.

Enclosed find the complete correspondence and literature concerning this substitution.

We have contracted with Mario and DiBono to install the spray on insulation as requested (1½" Cafco with the Mark II Overspray).

Insulation of the underside of the 41st and 43rd floor is scheduled to start in the very immediate future.

Hoping this clarifies this matter, we remain,

Yours truly,
